

Title of modification

Replacement of the present sun visor by an improved type.

Purpose of modification

The existing sun visor provided on WAM4 locomotive (IR-9) are not found satisfactory and are to be replaced by an improved type similar to one provided on WAG4 locomotive.

Modification Dwg. No. Nil

Work to be carried out

Replacement of present sun visors by the type used on WAG4 locos.

Execution of work and material schedule

Improved type sun visors have already been supplied by CIW to Railways. Sheds will replace the old types. CIW has already started fitting the new type of sun visors.
