Ministry of Railways  
Research Designs and Standards Organisation (RDSO)  
Manak Nagar, Lucknow (INDIA) -226011**

**‘EXPRESSION OF INTEREST’**

Ministry of Railways, Research, Design and Standards Organisation (RDSO), Lucknow, is interested in developing vendors (Multi-sourcing) for items given below as per RDSO specifications:

1. Power Quality Restorer (PQR) for 25kV and 2x25kV Traction Substation in Indian Railways. (RDSO Item ID: 3100636).
2. Auto Transformer Neutral Current Ratio Based Automatic Fault Locator for 2X25kV AC Traction System (RDSO Item ID: 3100637).

Firms that have enough experience and manufacturing capabilities in the field and are interested in developing the above-mentioned items, are requested to submit an online application on the IREPS website (UVAM portal) for vendor approval. For further details, you may kindly visit the RDSO website <https://rdso.indianrailways.gov.in>→Vendor Interface→Approval of Vendors (UVAM)→item master for approved vendors.

The vendor approval shall be done as per ISO apex Guidelines available on RDSO website <https://rdso.indianrailways.gov.in>→Vendor Interface→Vendor Registration Guidelines→ISO Apex Documents.

The governing RDSO Specification & STR are enclosed for kind reference.

For any clarifications or further details, firms may send their queries by email on [psi.ti@rdso.railnet.gov.in](mailto:psi.ti@rdso.railnet.gov.in).
