TECHNICAL CIRCULAR NO.ELRS/TC/0058-2000 (REV.'0')

Sub: Breakage of modified screw coupling in Electric Locomotives.

Ref: 1. Breakage of modified screw coupling of WAP5 Locomotive

while working 2302 Rajdhani Express of 28.7.99 in Allahabad Division.

2. Board's letter No. 92/M (L) 466/2706 dated 25.5.99.

While investigating the failure of above referenced (1) modified screw coupling in RDSO, it was revealed that most of the Railways are not nominating RDSO as the inspecting agency while placing the purchase order for screw coupling. In this connection Board's letter referenced above at S.No. (2) may be recalled vide which it has been made mandatory for the Railways Production Units to procure screw coupling from RDSO approved sources only and get it inspected through I & L Directorate of RDSO.

2. It is requested that necessary instructions may please be issued at your end to ensure compliance of Board's instructions contained in letter referenced above at SI No. (2). Similar action is also required to be taken for the other items contained in above referenced Board's letter.

(O.H.Pande)

for Director General/Elect.
