

About Directorate:

Traffic Directorate gives opinion/advice to all the technical directorates of RDSO being user directorate. It gathers users' requirements through market surveys, future projections, customer feedbacks, literature survey and by other available means and appraises the same to concerned technical directorates of RDSO for improvement in various railway designs. Traffic directorate conducts feasibility studies pertaining to Operating and Commercial departments in respect of:

- Increasing efficiency line capacity and throughput,
- Enhancing safety in train operations,
- Improving the image of the organization in the eyes of the users leading to ultimate customer delight.
